# CODE OF BEHAVIOUR IN SPORT

Circulated by the Headmasters of the GPS Schools of NSW to assist teachers, coaches, boys and parents:

Games in our schools are an important part of a fully balanced education for our students. The Heads are concerned to preserve sound educational and social practices in the many inter-school games that are played and ask for the cooperation of school communities to ensure that these aims are realised. The trend towards professionalism in school sport is to be viewed with caution. Where such an approach involves sound coaching techniques and is aimed at producing a satisfying and improved level of performance, this approach can be beneficial. However, care should be taken to exclude from our schools practices which place the pursuit of victory above those aspects of sport concerned with enjoyment, balanced development and good sportsmanship.

In other words, the spirit of the amateur, in its best sense, should remain the ideal which guides these aspects of school sports. More specifically, the following points are made:

## PLAYERS

- Play may be hard and vigorous, but deliberate violence should never be used towards opponents.
- Verbal provocation of any sort is unacceptable.
- Players should not react with violence to any physical or verbal provocation.
- Use of bad language, whether directed at an umpire/referee, another player or oneself, is unacceptable.
- Players should never argue with an umpire/referee (whether boy or adult) or contest a decision. Any negative response towards an umpire's ruling is unacceptable. (A captain – only – may ask a referee to clarify a ruling in the event of uncertainty.)
- Immodest behaviour in victory or success, and manifestation of self disgust at an error or failure are poor sportsmanship. Gracious conduct, whatever the result of a game, is important.
- Unfair or illegal tactics to gain an advantage should never be used.
- Excessive or inappropriate talk should not be used on the field of play.
- Players are encouraged to play in a positive and sportsman-like manner and to extend every courtesy to the opposing team. This should include pre-match courtesies, recognition of good play on the part of the opposition and extending thanks to the umpire/referee and to the opposition after the match.

## SPECTATORS

- Parents are asked to make their presence and support as positive as possible.
- If your school is host, parents are asked to assume some responsibility for making visiting parents feel at home.
- When visiting another school, the host school's premises and rules – in matters of parking, tidiness, etc – should be respected. Adults are asked to note that, with the exception of family picnics in some circumstances, alcohol should not be consumed at GPS matches. If in doubt about such matters, visiting parents should check with an official of the host school.
- Parents should never seek, during or immediately after a match, to give advice to coaches, umpires/referees or to players.
- Barracking may be enthusiastic, should be positive rather than negative, avoiding excessive attention to the individual – even to praise him.
- A good example should be set by applauding skilful performance and play, regardless of school.
- Parents can assist their son's fuller education by being sensible about the number and length of his sporting commitments. While these are regulated within the school context, parents should see that other, outside sporting involvement does not interfere unduly with academic study, religious activities, cultural and social life, as well as time spent with the family.

## DISCRIMINATION AND RACIAL/RELIGIOUS VILIFICATION

No person shall act towards or speak to any other person in a manner, or engage in any other conduct which threatens, disparages, vilifies or insults another person ('the person vilified') on any basis, including but not limited to, a person's race, religion, colour, descent or national or ethnic origin, special ability/disability or sexual orientation, preference or identity. Players reported of discrimination will be dealt with by the relevant Head of Sport/Sportsmaster through the schools' complaints process and any spectators reported for discriminatory remarks may be requested to leave the premises immediately.

## WELCOME FROM MARK DICKENS

On behalf of the Newington College Headmaster, Mr Michael Parker, I extend a warm welcome to the Newington and Scots College communities for the final winter round of matches. A day like today does not happen without the hard work of many – to the College's Parents and Friends Associations at Wyvern, Lindfield and Stanmore, we express our gratitude for all you have done in preparing today. To the parents who have worked on the BBQs all year and those who are manning the stalls today, your contribution is very much appreciated. To our friends at The Scots College, thank you for your collegiality in the preparation of today's fixtures.

There is much to be grateful for on campus today: the richness of community, the power of sport in enriching the students' learning experience and the collaboration between students, staff and parents in developing young men of the future. Using the pillars of Great Hearts, Inspired Minds and Strong Wings, we provide athletes with opportunities to grow and flourish in their sports. Our mission is to inspire our students to be active for life and harness the power of sport to support wellbeing, develop character and make a positive contribution to society.

We hope you have an enjoyable day at Stanmore and remind you that Newington College is a smoke- and alcohol-free area. Please be aware of the AAGPS Code of Conduct that is outlined in this program.

**Mark Dickens (ON 1985)**  
Head of Sport

NEWINGTON YEAR 12

1	Josh Bird	16	Zac Kingston
